

Testimonies:

"You all gave more than just Medical Missionary classes, you presented Jesus to us in such a way that I have never seen before. Thank you all for your devotion to us. Thank you for giving us all the tools we needed." **June Frasure, Student**

"While reading Ministry of Healing I thought 'wow, I would love to work with sick people and minister to them.' As soon as class started, God was speaking to me, 'before I send you to these people, I must heal you first.' And that was the experience I got through Wellness Secrets. This place is a God sent." **Terry Yung**

"As a new Adventist of four years, I had never really had the opportunity to study the beautiful health message, with which, our church is blessed.... I also experienced a personal revival which I truly needed.." **Sara Martinez**

"We are very thankful to all the people at Wellness Secrets! Thank you for saying Yes to Jesus, and for allowing Him to work in your lives, so you could work in ours!!!
The Reinhardt's

"Everything was always centered on Christ. It was beautiful how every day started and ended with God." **Rachel L.**

Medical Missionary Training

Medical Missionary Training

Two-fold But ONE!

“The Gospel of health is to be FIRMLY-LINKED with the ministry of the Word. It is the Lords design that the restoring influence of health reform shall be a part of the last great effort to proclaim the gospel.” MM 259

Christ our Example

Matthew 4:23- “Jesus went about all Galilee,

- TEACHING in their synagogues, and
- PREACHING the gospel of the kingdom, and
- HEALING all manner of sickness and all manner of disease among the people.”

“Christ is no longer in this world in person, to go through our cities and towns and villages healing the sick. He has commissioned us to carry forward the medical missionary work that He began...” CH 212

Our Mission:

“We have come to a time when every member of the church should take hold of medical missionary work. The world is a lazar house filled with victims of both physical and spiritual disease” 7T 62

Our mission is to help you fulfill this calling. We believe there are various avenues in health ministry that all can participate in. Our purpose is to provide the training that will give confidence to accomplish this CALL and NEED.

Class Objectives

Devotional Thoughts: Every morning and evening we'll be covering most of the chapters in, the book, Ministry of Healing. Each student will have an opportunity to participate by either giving or listening to the worship thought.

Principles of Medical Missionary Work: Is geared towards grounding the student in the fundamental principles of medical missionary work.

Hydrotherapy: This course will give the student an understanding of the history and physiology of hydrotherapy. It will present foundational principles, & provide a practical hands-on experience.

Intro to Herbology: This class will introduce a basic usage of herbs in helping overcome and preventing various health problems.

Optimal Diet: The objective of this course is to educate the student in basic nutrition as it relates to healthful practices, and as it impacts certain disease processes.

Disease: Causes and Natural Treatments: This course offers a look at some of the top killer diseases in the US, their causes, natural treatments, and preventative methods.

Anatomy & Physiology: Provides a basic introduction to anatomy and physiology with relation to lifestyle diseases.

Health Outreaches: This class is designed to introduce various means of health outreach that can be helpful in the line of Medical Missionary Work. Such as: How to conduct Health Expo's , Cooking Schools, Lectures, Stress Management & Stop Smoking Seminars and more.

Basic Care Giving Skills: This course provides both theoretical and hands-on training in the area of basic patient care skills.
